

Cjenik vjenčanja (no. 7.4, vrijedi do 31. ožujak 2007.)

| | | |
|------------------------|--|----------|
| Wedding session | 5 hours, from 16.00 to 21.00 o'clock, 100 photos | 2.500 kn |
| | 9 hours, from 16.00 to 01.00 o'clock, 180 photos | 2.900 kn |

A wedding session consists of photographing all moments during a certain amount of hours. I will photograph your wedding in my – for Croatia – unique style, capturing the moments as they unfold without interfering. Of course a portrait session or group session is included. You will be able to select the photos yourself and will receive the images either on cd-rom or printed (10x15cm).

| | |
|-------------------------------------|--------|
| Optional: engagement session | 975 kn |
|-------------------------------------|--------|

Should you request so, I can shoot an engagement session... a romantic photo session prior to your wedding day in which I try to capture the love and passion. This session has to take place in Zagreb and will last 1½ hours. You will receive 20 photos 15x15/22cm as well as a slideshow of 20 pictures (both on the internet as on cd-rom). Of course you can use those photos for your invitation and/or zahvalnica.

| | |
|-----------------------------------|----------|
| Optional: engagement video | 1.500 kn |
|-----------------------------------|----------|

Next to the engagement photo session we can also provide an engagement video. This will be a kind of 'video clip' lasting around 8-10 minutes in which your love is shown.

| | | |
|-----------------------------------|--------------------------------------|--------|
| Optional: priprema session | 3 hours, from 13.00 to 16.00 o'clock | 400 kn |
|-----------------------------------|--------------------------------------|--------|

Take into consideration the time and effort spent on your wedding dress, the right shoes, jewellery etc., and it seems logical that you take time for dressing and make-up as well. Nothing is more fun as watching the spontaneous pictures of you and your 'kuma' in the future and to recall the special feeling you had that very moment...

| | |
|--------------------------------|----------|
| Optional: video session | 2.900 kn |
|--------------------------------|----------|

If you want I can arrange a videographer who will capture your wedding on video and who will provide you with three sets of DVD's (in total three hours) including a nice menu and 'spitza'.

| | |
|--------------------------------|----------|
| Optional: short version | 1.500 kn |
|--------------------------------|----------|

Next to the three hours movie a short version can be produced as well. It will last around 45 minutes, but will be much more narrated and edited. Your friends and family will love this movie. However, the short version can only be ordered as an extra.

Please note that a videographer should direct you, meaning that it will never be as spontaneous as my style of photography.

| | | |
|-------------------------------------|-----------|----------------------|
| Optional: Internet slideshow | 20 photos | 200 kn |
| | 50 photos | 350 kn ¹⁾ |

In order to share your wedding photos with your friends, I can create an online slideshow for you. The show can be seen from the internet two weeks after your wedding and it will be online for at least ½ year. Please keep in mind that those shows are unique in Croatia and beloved all over the world!

1) for the little amount of 150 kn you will receive a hardcopy on cd-rom as well

|--|------|
| Optional: Zahvalnica (najmanji 50 komadi, samo u Zagrebu) | 6 kn |
|--|------|

Payments and others

You can pay your wedding in several terms. Za vjenčanja izvan Zagreba uračunavaju se i putni troškovi. 'Kapara' je 600 kn i molim Vas imajte na umu kako se jedino plaćanjem pologa osigurava rezervacija datuma.

For more options, wedding albums and books, please look at the separate pricelist.
